

From the TCAC Chair

8 April 2019

Dear Colleagues,

You will recall that, at TCAC05, in an effort to accelerate and assist the work of the TCAC, I was requested to develop a 'three column' document containing the elements of the two current proposals (i.e. two columns) and in the third column, a list of outcomes relating to elements that have been discussed, and in particular, any possible compromises or options on elements of the proposals, as well as matters that the Chairperson considers to be relevant and would benefit from being discussed. The TCAC indicated that this document should be made available to all CPCs as soon as possible, preferably not later than 30 days after the end of the session. The TCAC further clarified that the three column document was not an attempt to merge the two current allocation proposals (TCAC05 Report, paragraphs 33 and 34 refer).

I am attaching the 'three column' document that I have developed in response to the TCAC's request.

I hope that this document will assist us in focussing and accelerating our discussion, and in reaching agreement, when we next discuss the two proposals.

Kind regards

Don MacKay
Independent Chair
